## **COURSE CONFIRMATION**

Confirmation of registration is sent via our email system within three working days once we receive notification in our office. If a notification has not been sent, please notify us immediately, at our corporate office: 339-309-9508. We will verify your registration. Cancellations received at least five working days before the seminar, are refundable less a \$30 administrative charge per registrant. No refunds will be allowed later, however we do recognize credits to be issued and may be applied to future seminars. Should a registrant not attend a seminar, they will not be refunded. Within a five-day prior to seminar notice, we would allow a transfer or substitution to another registrant. Please be notified that a cancellation would be accepted, prior to midnight of the third business day, after the date of this transaction. Seminars may be tax deductible to maintain and improve your professional skill set.

## **COURSE COMPLETION CERTIFICATES**

At the time of registration, registrants will have paid the course fee, attended the entire seminar, competed an evaluation and sign-out in order to receive a certificate of completion. Registrants not fulfilling these requirements will not receive a certificate. Failure to sign in or out will result in forfeiture of credit for the entire course.

## **GUARANTEE**

Should you feel that you have not received the professional benefits of our conferences that we describe in our brochures, and on our website, or have any other complaint, the participant is asked to submit in writing their concerns within seven business days, from the date of attending our conferences, to: SEC Medical, 16 Bridge Gate, Plymouth, MA 02360.

## **ABOUT YOUR PROGRAM INSTRUCTORS**

### **KATHY FITZGERALD, M.S. CCC-SLP**

Kathy is Co-Founder of SEC Medical Speech Pathology. Kathleen graduated with her Master's Degree in Speech-Language Pathology in 1993 from Northeastern University in Boston, Massachusetts. Since that time she has been primarily focused upon diagnostics and treatment of swallowing disorders for pediatrics and adults in all settings of care. Kathleen has been performing MBS studies since 1994 for pediatrics and adults. She attended and completed the FEESST training program at the Columbia/Presbyterian Hospital Voice and Swallowing Center in New York City in 2004 under Dr. Jonathan Aviv/ENT. She has extensive knowledge of complex feeding and swallowing disorders and treatment including: E-Stim for pediatrics and adults, difficult to wean G-tube patients, trach/vent populations, head and neck cancer, behavioral feeding disorders and food hyperselectivity. Kathleen has been a past regional dysphagia consultant for Early Intervention of Massachusetts, Graduate student/CFY supervisor, lecturer, Vice President of Clinical Operations and Training for a New England based mobile MBS company. An additional area of current specialty is videostroboscopy performed at a variety of setting including ENT practices.

### **ANDY CHRISTLER, M.A. CCC-SLP**

Andy has been working in the area of professional voice, for over fourteen years. He earned his Bachelor's in Communication Sciences and Disorders, from Wayne State University in Detroit, Michigan. Andrew speaks three languages, which are English, American Sign Language, and Spanish. He is a university professor instructing in Dysphagia and acute care practicum. He is also a specialist in both Flexible Endoscopic Evaluation for Swallowing, and Videostroboscopy. Andrew has worked as the Director of Clinical Services, with his specialty in: voice, singing and stuttering at Med Speech, Inc. His career spans over twenty-two years, in both pediatric and adult settings.

### **JOY HESSE, M.S. CCC-SLP**

Joy graduated from the University of Northern Iowa in 1989 with her Master's Degree in Speech-Language Pathology. She began her career in the acute care setting at Mercy Hospital Medical Center in Des Moines, and was instrumental in the development of the modified barium swallow program at the hospital. Ms. Hesse then worked at Iowa Methodist Medical Center in Des Moines in the outpatient rehabilitation department focusing on outpatient voice therapy and dysphagia therapy. In 1998 she joined a group of Otolaryngologists, in West Des Moines, where she established a thriving voice and swallowing clinic. Joy is passionate about teaching and is a regular lecturer to the Iowa Chapter of National Teachers of Signing, the Iowa Speech and Hearing Association and Pedagogy Classes at several universities. She has also lectured at the American Speech and Hearing Association of FEES, and for Cross Country Education on Voice and Resonance Disorders.
